SUPPLY DIVISION WEEKLY REPORT  
PERIOD ENDING 13 MARCH 1984

I. Progress Report on Tasks Assigned by the DCI/DDCI:

None.

II. Items or Events of Major Interest that have Occurred  
During the Preceding Week:

a. Microfiche Destruction Kits:

[redacted] spent the day at the [redacted] Depot on 6 March to put together 100 each microfiche destruction kits. Completion of this project consumed 12 manhours, not including the requisitioning and gathering of the materials prior to assembling the kits. [redacted]

c. FY84 OL Replenishments (MPA) VS. Issues(PRA): As of 29 February, the total expenditure was \$3.4M to replenish stocks in those allocations managed and monitored by Supply Management Branch. Total issues from these allocations were \$2.7M, a difference of 21%. SMB is closely monitoring stock levels and replacing stock when required to remain responsive to customer requirements. SMB continuously monitors MPA and PRA expenditures to ensure that spending is controlled and that spending will be in-line as the fiscal year end approaches. All factors considered, the difference of 21% is acceptable at this time. [redacted]
